

MEDICAL DIAGNOSIS OR REFERRAL

The State of New Jersey Acupuncture Regulation 13:35-9.8 states that “A certified acupuncturist may perform initial acupuncture treatment only on presentation by the patient of a referral or diagnosis from a licensed physician.”

We greatly appreciate your cooperation in obtaining a **WRITTEN COPY OF YOUR DIAGNOSIS OR REFERRAL FROM YOUR PHYSICIAN** for our records. You may pick this up from the physician’s office and bring it to us, or your physician may directly mail or fax it (during clinic hours only) to our office at the address and number listed below. This document will be handled as a confidential document and your privacy rights will be protected at all times.

Your physician’s diagnosis is used for informational and educational purposes only. Our staff of Student Interns and Clinical Supervisors will still perform a complete Intake Assessment and formulate your acupuncture diagnosis which guides your course of acupuncture treatments here at the Intern Clinic.

We thank you for your compliance with the New Jersey Acupuncture Regulations.
